

## **LEAN SIX SIGMA**

### **Onsite Green & Black Belt**

### **Certification Program**

SQPS, Ltd. is pleased to introduce a new Green and Black Belt Onsite Certification Program. A typical Lean Six Sigma Black Belt project may save your company \$100K or more. In this hands-on program, Black Belt aspirants will receive 15 days (11 Days for GB's) of Lean Six Sigma DMAIC training, including Team Facilitation and Change Management Skills. In addition, Black Belts will receive project coaching from a Master Black Belt (matched to the BB by industry and project type) and Certification upon completion of requirements. A project must be completed and presented for Certification.

#### This Certification Program includes

- 15 Days of on classroom training (11 Days for Green Belts)
- Training materials (Hardcopy)
- Personal coaching and mentoring for participants from Master Black Belts and Lean Experts
- Tollgate reviews / continual project evaluation
- Statistical software (Minitab) will be provided for the duration of training (up to 6 months)
- Data analysis support
- \*Certification by SQPS, Ltd.

\* You must pass an exam and successfully complete a real project to get certified as a Black Belt. To get certified as a Green Belt, you must pass an exam

Payment Method: Checks / Purchase Orders
