

5 S – Creating Order from Chaos

Benefits

This 5-Step process will provide you with a roadmap to organize your work area (or department) and keep it organized. Imagine a workspace where the status of work is evident, anyone can quickly find the information they need, the tools needed for a job are always at hand, and clutter is eliminated! We'll teach you to create (and sustain) this environment using the 5S's: Sort, Shine, Set in Order, Standardize and Sustain

Outline

- The principals of a visual workplace
- The 5 S's
- Identifying waste in your process – the 7 types of waste
- How to conduct a 5S event – step by step
- The 5th S – Sustain: How to make it “stick”
- Where to go from here – continuous improvement

Who should attend

Leaders who want to learn more about reducing the waste and clutter from their work environments. Bring your team to this workshop to build a common understanding of basic Lean principals.

Please contact us to request this workshop onsite!
